# ABOUT COMPANY

With Al Sobhi Transport, you are sure of service delivered. We convert our more than 39 years of expertise in logistics and transportation into customer-focused solutions that offer an excellent balance between cost and performance.

Our Company “Abed Abdul Rahman Al Sobhi & Sons Ltd.Co for Transport” was established in 1984. We are ISO certified and well-equipped with all modern technology.

**ISO 14001: 2015 Certified**

**ISO 9001: 2015 Certified**

**ISO 45001: 2018 Certified**

Our fleet exceeds 200+ vehicles with more than 85% new ones. Our advanced IT integrated solutions include SAP and Afaqy GPS system, trained drivers and staff, all taken together put us among the leaders and pioneers in Transportation business.

# OUR VALUES

**We are here to support your success. We handle your freight as if it were our own because we are mindful of your company's needs.**

- **Exceed expectations for clients**

We've built a network with a top-notch team with national capacity, and cutting-edge technology. We are constantly expanding and strengthening.

- **Safety first**

We're always trying to make our employees' protection and wellbeing better. To continue doing what we do best, that entails keeping up with the most latest protocols, tools, and technologies.

- **Be responsible**

We take satisfaction in completing assignments perfectly, which involves speaking up when we spot opportunities to do so and taking ownership of mistakes. By placing a high importance on accountability, honesty, and a job well done, we ensure that team members can rely on one another and that our clients can trust us to treat them fairly.

- **Always aspire to progress**

We constantly invest in our network, technology, and people because we want to achieve greater outcomes every day. As we look for new methods to boost our performance for customers, employees, and shareholders, innovation is deeply ingrained in who we are.

## VISION

*Do more than necessary in order to satisfy the requirements of our clients; every day.*

# AL SOBHI TEAM

We use our network to assist customers in managing their goods throughout their supply chain as effectively as possible. An intense customer care culture that unites our team internationally is at the core of our value proposition. Our employees are committed to continually improving our own efficiency while also looking for new methods to support the success of our customers.

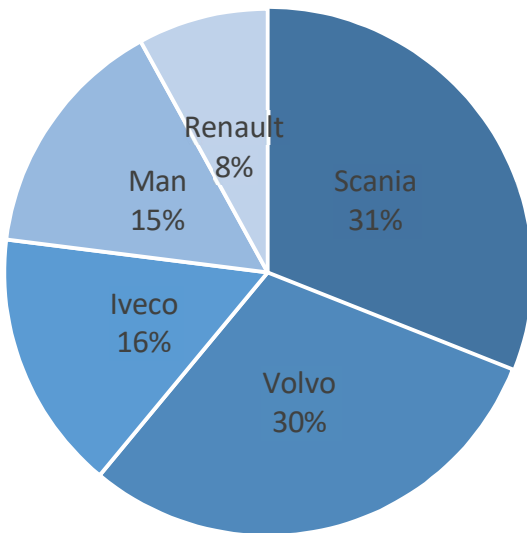

The lifeblood of our company is the relationship with our customers. We never lose sight of the fact that we also have obligations to a wide range of parties, including shareholders, workers, carriers, business partners, local communities, and the larger global community. When we claim to have enormous capacity and cutting-edge technology, we are immediately addressing all ALSOBHI stakeholders and what is important to them.

Al Sobhi provides a promising administrative support to all its clients. We believe in building long-term customer relationships through delivering quality services. Our team comprises of efficient professionals to serve and monitor the smooth functioning of the system. We are equipped with the necessary infrastructure, modern technology, equipment and talented experts.

Our team maintains a robust reporting system by skilled SAP, Microsoft Office and Afaqy GPS users. We ensure a smooth and efficient administration all throughout to meet the client requirements.

# OUR FLEET

We believe in the best. Our fleet includes Heavy Vehicles like Trucks, Tankers, Dumpers, Flat-bed, Forklifts, Road Rollers, Excavators etc. from the most reputed Brands in the Transport and Logistic Industry. Our fleet is privileged with 85% of latest models including year 2020.

■ Scania ■ Volvo ■ Iveco ■ Man ■ Renault

**SCANIA**

**IVECO**

# EMERGENCY READINESS

ALSOBHI 's fleet and team members will be able to provide, if requested additional trucks within a 24-hour time period, during normal operation time. Additionally, any different emergency arrangements can be made in prior advance with ALSOBHI by contacting the project team coordinator responsible for the operations.

# SAFETY PLAN

We have safety measures implemented throughout the company. We maintain full-proof SAFETY Plan and Policy. We always take care of company employees and assets. We have Medical and Motor Insurance policies in place including drivers.

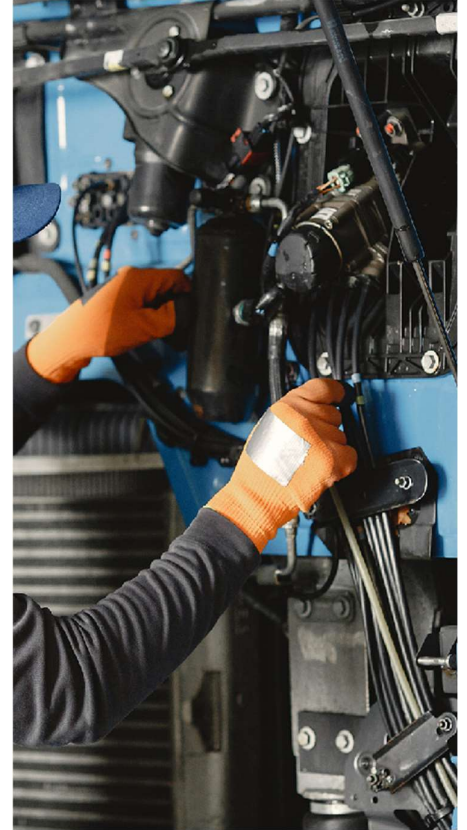

Our workshop works with all safety requirements like helmets, glasses, safety shoes, etc. Fire extinguishers small and big size are installed all over the places including Offices, Warehouses, Workshops, Staff accommodations and above all in the Heavy and light vehicles owned by the company.

# MAINTENANCE WORKSHOP

As a mitigation measure to any emergency arising while delivering a spot-on service to our clients. We have a workshop to regularly maintain our vehicles, this includes a Preventive Maintenance, Periodic Maintenance and as needed Maintenance.

Our workshop is capable of reaching any troubled truck On-Site for most locations.
